This is of critical importance in our twenty-first-century society. Counselors are being called upon to help reduce the impact of harrowing and horrific situations. The individual, familial, and community-level impacts of life-threatening events are examined in addition to the associated neurobiological responses of the individual client. Special emphasis is given to contemporary research in suicidology, interpersonal and institutional violence, sexual assault, natural disasters, terrorism and crisis management for schools and universities.

DISTANT LEARNING STATEMENT:

Students enrolled in distance education courses have equal access to the university's academic support services, such as Smarthinking, library resources, such as online databases, and instructional technology support. For more information about accessing these resources, visit the SRSU website. Students should correspond using Sul Ross email accounts and submit online assignments through Blackboard, which requires secure login information to verify students' identities and protect students' information. The procedures for filing a student complaint are included in the student handbook. Students enrolled in distance education courses at Sul Ross are expected to adhere to all policies about academic honesty and appropriate student conduct, as described in the student handbook. Students in web-based courses must maintain appropriate equipment and software, according to the needs and requirements of the course, as outlined on the SRSU website.

ACADEMIC INTEGRITY:

Students in this class are required to demonstrate scholarly behavior and academic honesty in the use of intellectual property. A scholar is expected to be timely, prepared, and focused. Meaningful, respectful, and pertinent online participation is also expected. Examples of academic dishonesty include but are not limited to submitting work as original that was used in whole or part for another course and/or professor; turning in another person's work as one's own; copying from professional works or internet sites without citation.

SAFE ASSIGN:

The Safe Assignment Tool is an advanced plagiarism prevention system deeply integrated with the Blackboard Learning Management System. SafeAssignment compares student papers submitted to Blackboard against an enormous wide range of sources and provides instructors with detailed Originality Reports. Because of SafeAssignment's flexibility, this product is an effective plagiarism prevention system

that helps instructors to raise student awareness about plagiarism and to educate students about the ways to avoid plagiarism. You can check your similarity report and make corrections if needed. With your similarity report, you will note highlighted areas that have similarity noted between your paper and another source. You will click on the tab within the colored square to see the percentage of the similarity. Percentages above 20% must be corrected. It does not matter if the source that is being noted for similarity is not the same source that you used. The system is telling you what you have written is too like another source and you need to make corrections. You may need to change up some of the wording or order of information to make it your information. More than three or four words in a row that are identical to the originating author can be detected. You can submit your paper as many times as you would like. This system is designed to assist students with increasing awareness of plagiarism. Typically, plagiarism is an accidental occurrence and occurs when students do not realize their writing is overly like another source.

Because this is such an abbreviated weekend format course, attendance at and prompt arrival for ALL class sessions is required to pass this course. If unable to attend a class session, please contact the professor and know that you will be dropped from the course.

PARTICIPATION POLICY:

Since **EDSR 6318** is an online course, participation will be evaluated in Blackboard online discussions. It is the student's responsibility to check the Discussion Board and Sul Ross's email DAILY for the duration of the course. For you to remain enrolled in **EDSR 6318**, you must reply to the Blackboard Discussion Board "Online Participation Policy" forum by the deadline posted on the Due Dates listing contained in this syllabus. It is the policy at Sul Ross State University that if a student is enrolled in an online course and fails to stay active for 3 weeks, fails to submit assignments, and/or does not reply to emails from the instructor, he/she will receive a final grade of "F." You may access the "Online Participation Policy" forum by entering Blackboard, and then selecting Discussion Board. Please follow the directions regarding your required response.

COURSE REQUIREMENTS:

Technology Requirements: Since the Counselor Education Program is predominately web-delivered, students are required to have their computers and internet that can handle the required technology, including audio, a camera, Chrome, Blackboard, Zoom, YouTube, and other applications. Not having the technology at your disposal at any time is not an excuse for failure to submit an assignment, join in a Zoom or Blackboard session, or take an exam.

Students will:

- *Attend all virtual classes and participate in discussions and activities. Failure to attend a class will result in course failure.*
- *Complete reading assignments and study the material before class meetings.*
- *Complete out-of-class assignments and deliver in-class presentations.*
- *Take exams.*
- *Practice professional conduct and ethics.*
- *Practice respectful learning exchanges*

GENERAL FORMAT FOR WRITTEN WORK:

Papers must be typed using APA format. Which includes, 1-inch margins, 11-point Ariel type, and double line spacing. Begin numbering with the title page, and edit for spelling, grammar, clarity, and logic of idea development.

SafeAssign is used to assist with the quality of writing.

NOTE: Your writing reflects your professionalism. A paper with multiple errors will receive a reduction in grade. Along with your 7th Edition APA manual, <http://www.apastyle.org> is a good reference website for APA guidelines. Typically, each paragraph will have at least one cited source. Even if you have rewritten the information in your own words, you must cite the source. If you use a quote the page number from where it came from in the source is required.

VIDEO REFLECTIONS:

As students, your reflections are a crucial part of the learning process. You will access the Video Reflection tab, review the assignment, and enter a minimum 3-paragraph reflective comment regarding the assignment. There will be thirteen (10) graded video/article reflection assignments. The rubric reflects four competencies with the following value ratings: Advanced (3 pt. value), Novice (2 pt. value), Student (1 pt. value), and Unacceptable (0 pt. value).

The comment must include your version of what theme or message the author is attempting to convey to his or her audience. Include any rationality, such as logical reasoning or evidence from the video, as perceived by the descriptive content; for example, if the video discusses the benefits of a certain practice, you could rationalize this by citing studies that support these benefits. Also, include your thoughts and emotion(s) you experienced while viewing the video and perceptions of how the information might impact future activities; for instance, if the video is about a new teaching method, you could reflect on how this might change your approach to teaching. Please see the rubric below that I use to assess your skill level. You are welcome to enter a personal experience(s) recalled while viewing the video. In addition to the 3-paragraph reflection, include the core concepts for each theory.

The assignments are designed to be clear and straightforward. They primarily consist of short video clips but may include an article or a guest-person presentation. You will select the topic title (Example, VR 1, etc.) for the video clip assigned for the week. The video reflection clips are located under the Video/Article Reflections submenu. After selecting the title, you are required to select the thread title. Review the video clip and enter your reflection by selecting the “Reply” feature and enter your reflection. The following rubric is provided to guide your responses.

QUIZZES:

Weekly quizzes are designed to evaluate knowledge level comprehension for each class content reviewed. Each student will complete a quiz every week. The quizzes are intended to ensure you can grasp the content of the assigned reading. There are thirteen (10) quizzes, and each Quiz has a 100-point potential. Each Quiz will contain a different number of questions that correspond with the chapter content and will consist of true and false, multiple choice, fill-in-the-blank, and short answer questions. If you do well on your quizzes, you will probably do well in the final exam. You can use your quizzes to study for the final exam.

Students must complete the Quiz immediately after completing the video/Article reflection, which is completed immediately after the virtual class session.

CRISIS COMPETENCY ASSESSMENTS

Counselors working with clients who are exhibiting crisis or predisposed to crisis responses to stressful situations often require formal assessment, which includes inventory assessment tools. Students will complete four assessment forms by the end of the semester and are required to complete four (4) assessments

throughout the semester. Vignettes are provided to appropriate the assessments.

MOVIE REFLECTION PAPER:

The reflection paper is designed to move students from passive learning to active learning. Active learning enhances reasoning skills that are very important to a counselor. Like your video reflection forum entries, this assignment will strengthen your counseling skills by grasping certain content while assessing your intrinsic processes.

I have provided students with a brief video explaining reflective learning and writing a reflective paper. This approach will motivate your learning and perceptive skills. Since counseling is considered scientific, use an APA format to write this paper, and it must contain at least four (4) pages, which includes content, the Title page, and the Reference page(s). The writing lab has many writing resources that can assist you in understanding the mechanics involved in writing a reflective paper. Students may choose to either rent or purchase the movie for required viewing.

FINAL EXAM:

The final exam is a 100-question that may consist of True/False, Multiple-Choice, or Short Answer type questions that are designed to assess comprehensive, application, analysis, synthesis, and evaluative consideration of knowledge gained over the semester. The final exam primarily derives from weekly quizzes. The exam will be posted on Blackboard on the designated date and each student will have four (4) hours to complete the exam.

PARTICIPATION/DISCUSSION:

This course is Asynchronous and will not require you to attend virtual classes. You will have eight (8) discussions where you share your perspective with your cohort. As your professor, I am readily available to answer any questions. Don't hesitate to contact me as directed on the first day of class. I emphasize timeliness in assignment submission, which includes active participation in the assigned discussion board. I will only consider allocating more time to submit assignments under extraordinary circumstances.

I will be online on Tuesdays and Thursdays at 6:00 p.m., and I will record class sessions for your convenience. Each student may choose to sign on through Collaborate Ultra; however, this is NOT MANDATORY, but available. This flexibility in the course schedule allows you to manage your time effectively and cater to your individual learning needs. I will be signed on at the designated time to address any content clarity inquiries or other general information, further enhancing your understanding of the material.

You will need high-speed Internet service and the Adobe Flash Player loaded into your computer. The IT department has suggested using Google Chrome as your web browser to alleviate technical difficulties. I have placed a quick link to Adobe Flash Player for quick download onto their personal computer. Students are always welcome to use the on-campus computer lab for the virtual interactive weekly meetings.
