- Understand and demonstrate processes of designing and evaluating instructional design
- Demonstration and application of learning theory to the design process
- Understand the applications of the field ID in all settings (educational and industry)
- Know the past and future trends of the field including research design and methodology

Attendance Policy: Students are expected to attend all scheduled on- campus classes. Prompt arrival for class is expected. Students in web-enhanced or web classes are expected to log in several times each week to the Blackboard course site on the Internet site. The instructor will monitor the Blackboard log-ins for attendance points. Students are to make themselves aware of the SRSU policies on Absences and Class Attendance posted in the SRSU Student Handbook. SRSU Class Attendance policy states “The instructors may, at their discretion, drop a student from a course when the student has a total of nine absences.” SRSU policy states “An absence is defined as non-attendance in fifty minutes of class; for example, non-attendance in a one and one-half hour class will constitute one and one-half absences and non-attendance in a three hour class will constitute three absences.” Therefore, non-attendance for Weekend Format classes calculates to: Saturday (7 hrs of class time) = 8.4 absences and Sunday (4 hrs of class time) = 4.8 absences. Make up work is at the discretion of the instructor as it relates to “explained or excused” absences. The Absences/Class Attendance policy includes all absences excused or unexcused. In this course you are expected to attend all classes, to be punctual, and to complete all assignments on time.
