Class Attendance and Participation

Regular class attendance is important to the attainment of the educational objectives of the University. Therefore, students should attend all classes. Attendance includes being punctual for class and ready to engage with the professor and the day's material. The instructor's policy on class attendance will be explained at the beginning of the semester or term. In accordance with the instructor's policy, the instructor has the right to penalize students who are out of compliance with the class attendance policy.

Instructor Policy

Four (4) unexcused absences equals the loss of a letter grade. If you made an A but have four (4) unexcused absences, you will receive a B for the course - if you made an A but have twelve (12) unexcused absences you will receive a D for the Course. Four classes in which the student is late equals one unexcused absence. If you are late to class four (4) times, you will receive an unexcused absence for the fourth day entering late.

Authorized/Excused Absences Statement

An absence because of participation in an official University activity is considered to be an authorized/excused absence. While every effort will be made by departments to minimize missed class

time of students by careful scheduling of authorized University activities, when a student has to miss a class due to an authorized University activity, it will be the responsibility of the student to notify the instructor of the class in advance. The department responsible for the authorized University activity will also notify instructors through the Student Life Office by providing an excused absence list to the office. Instructors will give students participating in an authorized University activity the opportunity to make up class work, including tests, within a reasonable time and at the convenience of the instructor. Should an instructor have an attendance policy that allows for the dropping of a student after a certain number of absences, authorized/excused absences will not be counted towards that number of absences. Any student dropped for excessive absences will receive either an "F" or a "FX" depending upon the faculty member's discretion

Late Work

Late work will not be accepted unless accompanied by a written excuse such as a doctor's note, military orders, or official University excuse. Unless an emergency, these should be discussed with the instructor before the due date passes.

Use of Laptops / Tablets / Phones in Class

I am aware that some students use their laptops, tablets or even phones to take notes in class. Unfortunately it is impossible for me to see every student's laptop / tablet / phone screen and make sure that they are in fact writing notes and not working on another course, looking up things on the internet, or using social media. In my experience teaching I have found that students who write their notes in a notebook do better and are more engaged in class. Therefore I do not allow the use of laptops / tablets / phones in my class. This class is 50 minutes long, there are 1440 minutes in a day, use these 50 minutes to fully engage in the material - students will have plenty of time to use your screens after class.

Student Responsibilities Statement

All full-time and part-time students are responsible for familiarizing themselves with the Student Handbook and the Undergraduate & Graduate Catalog and for abiding by the University rules and regulations. Additionally, students are responsible for checking their Sul Ross email as an official form of communication from the university. Every student is expected to obey all federal, state and local laws and is expected to familiarize themselves with the requirements of such laws.
