Attendance and Participation

Students decide to attend college and are responsible for their college education. As this is a college-level course, I do not take attendance. However, if you are not in class consistently, it will affect my evaluation of your performance. Also, since much of the exam material is based on class lectures, it would be in your best interest to attend class meetings regularly. I will occasionally give pop quizzes as extra points, so attending class regularly will improve your chances of success in this course.

Classroom Rules

All students must treat the instructor, the other students, and the classroom setting with respect. Please come to class on time, stay for the entire class, turn off cell phones during class, and refrain from potentially disruptive activities such as talking with friends or passing notes. These policies facilitate a classroom learning environment that allows all students to focus on the lecture and class discussion. It is also essential to respect

alternative opinions and points of view during class discussions. Thus, you should listen when the instructor or a fellow student is speaking to the class and refrain from insulting language and gestures, no matter how vehemently you disagree with your classmates. Please note that I reserve the right to stop the discussion anytime.
