Departmental Bachelor's Degree Program Marketable Skills

The Texas Higher Education Coordinating Board (THECB) sets statewide goals through the

60x30TX initiative. The THECB plan includes four major goals in 60x30TX: Educated Population, Completion, Marketable skills, and Student debt. The [60x30TX](#) plan was designed to tie together all four student-centered goals. 60x30, which measures the educated population in Texas, is the overarching goal at the center of the plan and calls for 60 percent of 25- to 34-year-olds in Texas to hold a credential or degree by 2030. The 60x30 goal is supported by the other three goals (completion, marketable skills, student debt) that will get Texas to 60 percent by 2030.

By 2030, all graduates from Texas public institutions of higher education will have completed programs with identified marketable skills. Students who can effectively market their skills to potential employers can secure employment that pays competitively. Marketable skills include interpersonal, cognitive, and applied skill areas, are valued by employers, and are primary or complementary to a major. Marketable skills are acquired by students through education, including curricular, co-curricular, and extracurricular activities. Marketable skills are often called "employability skills" in other countries, or "transferable skills" here in the states. They include both technical and soft skills.

The marketable skills of Homeland Security and Criminal Justice BS Programs are listed as follows:

Classroom Climate of Respect

Students are expected to respect their classmates' and instructors' privacy and the work or comments they produce. Importantly, this class will foster free expression, critical investigation, and an open discussion of ideas. This means that all of us must help create and sustain an atmosphere of tolerance, civility, and respect for the viewpoints of others. Similarly, we must all learn how to probe, oppose and disagree without resorting to tactics of intimidation, harassment, or personal attack. No one is entitled to harass, belittle, or discriminate against another because of race, religion, ethnicity, age, gender, national origin, or sexual preference. Still, we will not be silenced by the difficulty of fruitfully discussing politically sensitive issues.

Supportive Statement

I am to create a learning environment for my students that supports various perspectives and experiences. I understand that the recent pandemic, economic disparity, and health concerns, or even unexpected life events may impact the conditions necessary for you to succeed. My commitment is to be there for you and help you meet the learning objectives of this course. I do this to demonstrate my commitment to you and to the mission of SRSU to create a supportive environment and care for the whole student as part of the Sul Ross Familia. If you feel like your performance in the class is being impacted by your experiences outside of class, please don't hesitate to come and talk with me. I want to be a resource for you.

Course Assessment

1 - Quizzes (200 points total): Every two weeks there will be a quiz for the related chapters. There will be 5 quizzes in total. Quiz dates are indicated in the weekly course schedule. Each quiz will have different points, and you will get 100 points in total.

2-Midterm Exam (150 Points each): There will be a midterm exam in this class. These exams will cover the assigned chapters and other relevant material covered in the course up to the date of the examination. The midterm exam will be cumulative, which means that the material from the entire course will be covered.

Midterm exams will be worth 100 points. No make-up test will be given, unless an uncontrollable emergency or illness arises (written proof required).

3 - Final Exam (150 Points): There will be a comprehensive final exam at the end of the semester. The final exam will be cumulative, which means that the material from the entire course will be covered. This exam is worth 100 points. No make-up test will be given, unless an uncontrollable emergency or illness arises (written proof required).

4- Attendance (100 points): Attendance is important! Attendance demonstrates maturity, responsibility and a serious attitude toward education. I believe that regular and punctual attendance is an integral part of the learning process. Attendance will be taken daily, and absences cannot be made up. Students should be in class on time and should be prepared to stay for the entire class period. If I have begun class by the time you enter, you should make sure that I counted you as present by checking with me after class.

In accordance with current SRSU policy, when a student misses a total of 9 hours of class (6 classes), the presumption is that the student will be dropped from that class with an "F". Please note that it is the student's responsibility to inform the instructor prior to any University event that would cause an absence. Failure of the student to inform the instructor will result in that absence being recorded as unexcused.

Attendance Policy (100 Points)

Attendance reflects maturity, responsibility, and commitment to learning. Regular and punctual attendance is essential. Attendance will be taken daily, and absences cannot be made up. Students should arrive on time and stay for the entire class. Latecomers must confirm their attendance with the instructor after class. Per SRSU policy, students missing 9 hours of class (6 sessions) will be dropped with an "F." Notify the instructor in advance of any University-related absence; failure to do so will result in an unexcused absence.

Attendance Grading:

- 2 missed classes: 60 points
- 3 missed classes: 40 points

Students will receive a grade of "0" in these instances and possibly fail the course. Your final paper will be submitted through SafeAssign.

Late Assignment Submission Policy

Students are expected to complete coursework on time and submit assignments by the specified deadlines.

Late work is generally not accepted, as students are informed of deadlines at the beginning of the term. If an assignment or exam is missed, students must provide a valid, university-recognized excuse. It is the student's responsibility to plan accordingly and stay aware of deadlines by regularly reviewing the syllabus.

Academic Integrity

Students are expected to uphold the highest standards of academic honesty as outlined in the **Sul Ross Student Code of Conduct**. Any form of academic dishonesty—including **cheating, plagiarism, collusion, fabrication, or falsification of records**—will not be tolerated and will be addressed in accordance with university policies.

Definitions:

- **Cheating:** Using unauthorized materials or assistance during exams, altering academic records, or obtaining answers through dishonest means.
- **Plagiarism:** Submitting another's work, ideas, or words as your own without proper citation.
- **Collusion:** Assisting or being complicit in another student's academic dishonesty.

Using tools like **ChatGPT or other AI generators** is prohibited unless explicitly permitted for a specific assignment. Violations may result in penalties ranging from a failing grade on an assignment to failure of the course and may lead to further disciplinary action.

Maintaining academic integrity protects both the value of your education and the credibility of the university.

APA Style

This course will use the American Psychological Association (APA) Seventh Edition formatting and style guide for all written assignments. If you have any questions or concerns regarding the use of APA a number of resources have been provided below. Please note that all external sources must be appropriately cited. Departmental Undergraduate Program Marketable Skills

(Aligned with Texas Higher Education Coordinating Board – 60x30TX Plan)

The 60x30TX initiative aims for 60% of Texans aged 25–34 to hold a degree or credential by 2030. One key component of this goal is that all graduates from public institutions in Texas will complete academic programs with clearly defined marketable skills—competencies valued by employers that support career readiness and lifelong employability.

Marketable skills include both technical and soft skills—often referred to as “employability” or “transferable” skills—developed through coursework, research, internships, and co-curricular activities. Graduates of the Homeland Security and Criminal Justice Undergraduate Programs at Sul Ross State University will demonstrate the following marketable skills:

1. Effective Verbal and Written Communication
2. Data Literacy and Quantitative Analysis Skills
3. Critical Thinking and Observational Abilities
4. Teamwork and Collaborative Work Practices
5. Cultural Competency and Multicultural Understanding
6. Analytical Skills in Crime Causation and Prevention
7. Knowledge of Legal Codes, Procedures, and Public Safety Protocols

These skills prepare students for diverse roles in law enforcement, homeland security, public service, and justice-related professions.

Other Course Expectations

- This is an upper-level college course, and students are expected to produce work that reflects that level of academic rigor. This includes the use of proper APA formatting, correct grammar, clear sentence structure, and organized presentation of ideas.

- Students are responsible for carefully reviewing the syllabus to stay informed about assignment requirements and due dates. Please contact the instructor promptly if clarification is needed.
