**Course Description**

Spanish 1412 is the second course of a four-semester sequence which implements. The goal of this course is to build upon the vocabulary of SPAN 1411 (e.g. numbers, university classes, food, etc.), grammar (e.g., ser v. estar, tener, present tense, asking questions, etc.), and culture presented. During Spanish 1412 students will continue to develop their Spanish proficiency, going from present-tense focused speech to past tense in this semester. Students will continue building proficiency in the four areas of speaking, reading, writing, and listening. An important goal of this course is to support students' confidence in Spanish, and their willingness to communicate with Spanish-speakers outside of the course.

**Prerequisite:** SPAN 1411 or prior knowledge of basic Spanish vocabulary and the ability to speak in the present tense, as determined by the instructor or by Dr. Esther Daganzo-Cantens, Professor of Spanish.

## Course and Learning Activities

1. **Attendance (10 %):** Failure to attend class is always a missed opportunity to hear and speak Spanish. During the semester, you are allowed **a maximum of three unexcused absences**. *Excused* absences are sanctioned by the University and usually related to sports and/or other university sanctioned events as well as medical emergencies. If you miss class, or know you will miss class, be sure to let me know as soon as possible if it is an excused absence.
2. **Participation (10%):** Learning a language involves practice. Students will be required to speak in Spanish with one another, complete activities in Spanish, answer questions, and be called on in Spanish. Your willingness to participate (or not) and readiness to participate (or not) will be evaluated three times throughout the semester.
3. **Compositions (10%):** there will be two (2) composition assignments **in class**. The compositions must be **in Spanish**. If you are absent the day of the composition, you will need to make an appointment to complete the assignment at a later date. All students will have the class period to complete the Composition. After you get feedback and an initial grade, you may choose to rewrite the composition to receive back any credit you may miss. The topics of the compositions are:

### **1) First composition (IN CLASS)**

Students will write about *Cómo hacer tortillas de harina* ('How to make flour tortillas) and write a paragraph about the ingredients and how to make a *tortilla de harina*. We will have a preparation day in class where we will discuss different methods and learn the necessary vocabulary together.

## 2) Second composition (IN CLASS)

The second composition will support the topic of the final presentation. For this composition, you will choose a country you want to visit, and search for information about a topic related to your country to talk about. I recommend that you research something related to your major. For example, if you are interested in History, look up information online about the history of the country. If you are interested in Psychology, look into whether counseling/therapy is different in that country compared to the U.S. We will have a preparation day in class where we will workshop what to write about.

4. **Homework (25%):** Homework will be assigned from two kinds of online activities, called 'Practice' and 'WebSAM' (Student Activities Manual) on **VHL.com**. Homework assignments will be due on a weekly basis, usually on Friday evenings. Any homework turned in late will be penalized by 10% of the score per day. Please plan accordingly to accommodate work and family obligations. If you experience technical difficulties while in the Supersite you will need to contact [tech support](#) at 1 (800) 248-2813.

**If you are unable to purchase the book immediately, you must** create an account on *Vistas* using the **Grace Period** access.

5. **Tests (20%):** Students will complete three exams **IN PERSON**. The first exam will cover chapters 6 and 7, the second exam will cover chapters 7 and 8, and the final exam will be comprehensive, covering chapters 6-10.
6. **Quizzes (15%):** Students will complete five quizzes **IN PERSON**. These quizzes will cover general vocabulary and grammar and will serve as practice for the exams. Quizzes will be completed after we cover the information in each chapter.
7. **Final Presentation (10%):** Each student will present a short 1-2 minute presentation **IN SPANISH** about a topic of their choosing. This topic will be decided at the time of Composition 2 and will relate to the student's Spanish-speaking country of choice and a topic related to their major area of study that they would like to share with the class. More information will be provided as we draw closer to the end of the semester.

### **Academic Integrity**

Academic integrity is taking responsibility for one's own work, being individually accountable, and demonstrating intellectual honesty and ethical behavior. Academic integrity is a personal choice to abide by the standards of intellectual honesty and responsibility. Adhering to the standards of academic integrity ensures that grades are earned honestly and gives added value to the entire educational process. Academic integrity is the foundation upon which students, faculty, and staff build their educational and professional careers. Any form of academic dishonesty, including but not limited to, cheating, plagiarism, collusion, falsifying academic records, misrepresenting facts, copying from the Internet and any act designed to give unfair academic advantage to the student (such as, but not limited to, submission of the same written assignment for two courses without the prior permission of the instructor) or the attempt to commit such an act is ground for failure in this course and for further academic discipline. By enrolling in this course, you acknowledge having been given an electronic copy of the syllabus and therefore you are responsible for its contents.

**Excessive use of AI – in other words, any use of AI (e.g., ChatGPT, Google Translate, Microsoft, and more) to write responses on your behalf, to write in Spanish for you, to translate Spanish passages or sentences from exams or other assignments, etc. are considered plagiarism as you are not doing your own work.** While AI can be useful to help you understand individual vocabulary terms or phrasing, you should never use AI to complete your assignments for you. When this is done, you are no longer learning. You may use these engines to search a single vocabulary word or phrase when you are unsure of it's meaning, or unsure how to say a specific word in Spanish. However, if it appears that you are using an AI service for responses, the instructor will investigate and may set up a meeting with you. **Sul Ross demands academic integrity** from its students. Any form of academic dishonesty, including (but not limited to) plagiarism or cheating is ground for failure in this course and for further academic discipline. Each student must agree, in writing, to uphold this policy.

### **Academic Integrity**

Students in this class are expected to demonstrate scholarly behavior and academic honesty in the use of intellectual property. Students should submit work that is their own and avoid the temptation to engage in behaviors that violate academic integrity, such as turning in work as original that was used in whole or part for another course and/or professor; turning in another person's work as one's own; copying from professional works or internet sites without citation; collaborating on a course assignment, examination, or quiz when collaboration is forbidden. Students should also avoid using open AI sources *unless permission is expressly given* for an assignment or course. Violations of academic integrity can result in failing assignments, failing a class, and/or more serious university consequences. These behaviors also erode the value of college degrees and higher education overall.

### **Classroom Climate of Respect**

Importantly, this class will foster free expression, critical investigation, and the open discussion of ideas. This means that all of us must help create and sustain an atmosphere of tolerance, civility, and respect for the viewpoints of others. Similarly, we must all learn how to probe, oppose and disagree without resorting to tactics of intimidation, harassment, or personal attack. No one is entitled to harass, belittle, or discriminate against another on the basis of race, religion, ethnicity, age, gender, national origin, or sexual preference. Still, we will not be silenced by the difficulty of fruitfully discussing politically sensitive issues.

### **Supportive Statement**

I aim to create a learning environment for my students that supports various perspectives and experiences. I understand that the recent pandemic, economic disparity, and health concerns, or even unexpected life events may impact the conditions necessary for you to succeed. My commitment is to be there for you and help you meet the learning objectives of this course. I do this to demonstrate my commitment to you and to the mission of Sul Ross State University to create a supportive environment and care for the whole student as part of the Sul Ross Familia. If you feel like your performance in the class is being impacted by your experiences outside of class, please don't hesitate to come and talk with me. I want to be a resource for you.
