Your program must follow the lecture instructions, the program format, and the scoring rubric guidelines and include all specified sections to receive full credit. It will demonstrate your understanding of American School Counselor Association/ACA Code of Ethics. Due dates for each portion of the program are posted on Blackboard and included in this syllabus.

Assignments submitted after the deadlines will not be accepted.

PARTICIPATION: Since EDUA 7302 is an online course, participation will be evaluated in Blackboard online discussions. **It is the student's responsibility to check the Discussion Board and Sul Ross email DAILY for the duration of the course.**

In order for you to remain enrolled in EDUA 7302, you must reply to the Blackboard Discussion Board "Online Participation Policy" forum by the deadline posted on the Due Dates listing contained in this syllabus. It is policy at Sul Ross State University that if a student is enrolled in an online course and fails to stay active for a period of 3 weeks, fails to submit assignments, and/or does not reply to emails from the instructor, he/she will receive a final grade of "F."

You may access the "Online Participation Policy" forum by entering Blackboard, then selecting Discussion Board. Please follow the directions regarding your required response.

SAFE ASSIGN:

The Safe Assignment Tool is an advanced plagiarism prevention system deeply integrated with

the Blackboard Learning Management System. SafeAssignment compares student papers submitted to Blackboard against an enormous wide range of sources and provides instructors with detailed Originality Reports. Because of SafeAssignment's flexibility, this product is an effective plagiarism prevention system that helps instructors to raise student awareness about plagiarism and to educate students about the ways to avoid plagiarism. You can check your similarity report and make corrections if needed. With your similarity report, you will note highlighted areas that have similarity noted between your paper and another source. You will click on the tab within the colored square to see the percentage of the similarity. **Percentages above 20% must be corrected.** It does not matter if the source that is being noted for similarity is not the same source that you used. The system is telling you what you have written is too similar to another source and you need to make corrections. You may need to change up some of the wording or order of information to make it your information. More than three or four words in a row that are identical to the originating author can be detected. You can submit your paper as many times as you would like. This system is designed to assist students with increasing awareness of plagiarism. Typically, plagiarism is an accidental occurrence and occurs when students do not realize their writing is overly similar to another source.

APA FORMAT:

All written assignments must follow the writing style found in the most current edition of the American Psychological Association Publication Manual (APA Manual). See *American Psychological Association Publication Manual* (required reading) <http://www.apastyle.org/stylehelper/>. If you chose to utilize excerpts of materials from existing programs in schools, agencies, or those you find through research, you must cite the source in the body of your paper and include a reference entry at the conclusion of your document.

Papers should have one-inch margins, 12-point type, and double line spacing. Number all pages; edit for English usage, grammar and style. Papers with multiple errors may not be accepted or will receive a reduction in grade. An emphasis in this particular course is writing in a manner to demonstrate your professionalism and scholarship.

ACADEMIC INTEGRITY:

Students in this class are required to demonstrate scholarly behavior and academic honesty in the use of intellectual property. Students should submit work that is their own and avoid the temptation to engage in behaviors that violate academic integrity, such as turning in work as original that was used in whole or part for another course/and or professor; turning in another person's work as one's own, coping from professional works or internet sites without citation; collaborating on a course assignment, examination, or quiz when collaboration is forbidden. Students should also avoid using open AI sources unless permission is expressly given for an assignment or course. Violations of academic integrity can result in failing assignments, failing a class, and/or more serious university consequences. These behaviors also erode the value of college degrees and higher education overall.

SRSU DISABILITY SERVICES:

The University is committed to equal access in compliance with the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973. The Disability Services Coordinator in Counseling and Student Support Services has the responsibility to ensure students with disabilities have the opportunity for full participation in programs, services, and activities. Students seeking disability services need to contact the Disability Services Coordinator, Tiffany

Telesca (Tiffany.Telesca@sulross.edu), located in Ferguson Hall, room 112. The mailing address is P.O. Box C-171, Sul Ross State University, Alpine, TX 79832. Telephone: 432-837-8203; Fax: 432-837-8724.

CLASSROOM CLIMATE OF RESPECT:

Importantly, this class will foster free expression, critical investigation, and the open discussion of ideas. This means that all of us must help create and sustain an atmosphere of tolerance, civility, and respect for the viewpoints of others. Similarly, we must all learn how to probe, oppose and disagree without resorting to tactics of intimidation, harassment, or personal attack. No one is entitled to harass, belittle, or discriminate against another on the basis of race, religion, ethnicity, age, gender, national origin, or sexual preference. Still, we will not be silenced by the difficulty of fruitfully discussing politically sensitive issues.

SUPPORTIVE STATEMENT:

I aim to create a learning environment for my students that supports various perspectives and experiences. I understand that the recent pandemic, economic disparity, and health concerns, or even unexpected life events may impact the conditions necessary for you to succeed. My commitment is to be there for you and help you meet the learning objectives of this course. I do this to demonstrate my commitment to you and to the mission of Sul Ross State University to create a supportive environment and care for the whole student as part of the Sul Ross Family. If you feel like your performance in the class is being impacted by your experiences outside of class, please don't hesitate to come and talk with me. I want to be a resource for you.

55%- **Individual Project (Comprehensive Counseling Program)**

20%- **Discussion Board**

Grades are earned based on the quality of the work completed.

Grades of **Incomplete (I)** are not given in the Professional Studies Division of Sul Ross State University *except* in the *most extreme* situations.

A grade of "A" will not be given in this course unless the student's writing reflects graduate level quality and the written career program is superior.

A final grade of C or below will not be accepted and the student must retake the course.

ASSIGNMENTS:

Assignment content, instructions and due dates are subject to adjustment by the professor. Any adjustments made will be posted as a class announcement in Blackboard.

The deadline is 11:59pm Central Standard Time (CST) on the due date.

Assigned readings and completion of assignments are best done PRIOR to the deadline. Working ahead of schedule is highly recommended. I recommend that you never wait until the due date in order to submit an assignment as technology has a way of causing the most trouble when you need it the most. Additionally, you may have an unforeseen question regarding the assignment. If you do not understand assignment instructions/guidance, first make sure that you have read the instructions carefully, have looked at the examples when provided, and consulted with a classmate. If you still are uncertain, then post your question in Blackboard. It is the students' responsibility to read questions and answers on the Discussion Board.

You may submit assignments early, however, **assignments submitted after the deadline will receive no credit.**

The frequency of students working on class content within Blackboard is monitored.
