CATALOG DESCRIPTION: English 0310 - Integrated Reading and Writing Skills (3-0).

This course is designed for students whose score on an approved assessment instrument does not meet minimum requirements on the writing and/or reading portion of the assessment. The focus of the course will be on applying critical reading skills for organizing, analyzing, and retaining material and developing written work appropriate to the audience, purpose, situation, and length of the assignment. The course integrates preparation in basic academic reading skills with basic skills in writing a variety of academic essays. Credit in this course cannot be used to satisfy requirements for any degree.

PAIRED ENG 0310/ENG 1301: You are enrolled in both ENG 0310 and ENG 1301. Your ENG 0310 class is designed to help you be successful in your ENG 1301 class.

- If you pass ENG 0310 with a grade of “A,” “B,” or “C” and you pass ENG 1310, then you will be TSI-clear in reading and writing at the end of the semester.
- If you pass ENG 0310 with a “C” or better, but fail ENG 1301, then you will retake ENG 1301.
- If you pass ENG 1301 with a “D” or better, but you fail ENG 0310, then you are TSI clear in reading and writing.
- If you do not pass ENG 0310 or ENG 1301, then you will retake both classes.

TEXTBOOK: Same textbook as ENG 1301

SUPPLIES: Internet access and Sul Ross e-mail account. Your instructor may require additional supplies.

3. Identify and analyze the audience, purpose, and message across a variety of texts.

COURSE REQUIREMENTS: See your instructor's syllabus addendum for specific requirements.

METHOD OF EVALUATION: See your instructor's syllabus addendum for specific requirements. The grade of "PR" (Progress) can only be earned the first semester that you take this course. If you have to retake the course, then you may only receive a traditional letter grade.

ACADEMIC ETHICS: Please remember that real success comes from learning how to do the work yourself. Your instructors believe that you are an honest individual and expect that all of the work that you do results from your own efforts. You know that a college education costs too much for you to waste your time trying to beat the system rather than figuring out how to learn the material. You know that any form of cheating is dishonest and it makes you look very bad. Your instructor will have specific responses to any academic dishonesty that s/he may encounter. A repeated instance of academic dishonesty may result in your situation being forwarded to the Dean of Student Life. Please see the *SRSU Student Handbook* for a more complete discussion of academic honesty.

ATTENDANCE POLICY: Sul Ross State University and the State of Texas require each student liable for any portion of the Texas Success Initiative (TSI) to attend and participate in developmental coursework. If you fail to attend and/or participate, you will earn an "F" for the course. Additionally, it is a course requirement that you take both the midterm and final exams. Failure to do so could result in your earning an "F" for the course.

If you must be absent, you are responsible for finding out what was covered and assigned in class in order to be prepared when you return to class. According to the University catalog, "When a

student has to miss class due to an authorized University activity, it will be the responsibility of the student to notify the instructor of the class in advance [and to complete all assignments] within a reasonable time and at the convenience of the instructor.”

See your instructor’s syllabus addendum for specific attendance criteria.

If you are absent from class, you will want to contact a classmate and get the notes that you missed.

COURSE COMMITMENT: You will make the decision about how long it takes you to clear your developmental writing requirement. Please keep these thoughts in mind:

- 1) Your registration in this course is the result of *your* writing test scores at this time. We want you to be successful in your college-level writing courses, so learn everything that you can in this class.
- 2) It costs as much to take this class (at least \$900) as it does to take any other SRSU three-hour course. This course does not count towards your degree. You will save a significant amount of money and time if you decide to fulfill your developmental reading requirement.
- 3) You are the only one who can commit to be successful in this class. You will decide how much time you spend doing homework, asking your instructor questions, and visiting with a tutor. So come to class and complete this course with a grade of “C” or better this semester.

STUDENT ASSISTANCE: Tutors are available in the Tutoring and Learning Center, Library first floor, free of charge. Please check with the Tutoring and Learning Center for hours and days of tutor availability.

Students in web-based courses must maintain appropriate equipment and software, according to the needs and requirements of the course, as outlined on the SRSU website. Directions for filing a student complaint are located in the student handbook.

CLASSROOM CLIMATE OF RESPECT: Importantly, this class will foster free expression, critical investigation, and the open discussion of ideas. This means that all of us must help create and sustain an atmosphere of tolerance, civility, and respect for the viewpoints of others. Similarly, we must all learn how to probe, oppose and disagree without resorting to tactics of intimidation, harassment, or personal attack. No one is entitled to harass, belittle, or discriminate against another on the basis of race, religion, ethnicity, age, gender, national origin, or sexual preference. Still, we will not be silenced by the difficulty of fruitfully discussing politically sensitive issues.

COUNSELING: Sul Ross has partnered with TimelyCare where all SR students will have access to nine free counseling sessions. You can learn more about this 24/7/365 support by visiting [Timelycare/SRSU](https://www.timelycare.com/sulross). The SR Counseling and Accessibility Services office will continue to offer in-person counseling in Ferguson Hall, Room 112 (Alpine campus), and telehealth Zoom sessions for remote students and RGC students.

SRSU LIBRARIES: The Bryan Wildenthal Memorial Library and Archives of the Big Bend in Alpine offer FREE resources and services to the entire SRSU community. Access and borrow books, articles, and more by visiting the library's website, library.sulross.edu/. Off-campus access requires logging in with your LobolD and password. Librarians are a tremendous resource for your coursework and can be reached in person, by email (srsulibrary@sulross.edu), or by phone (432-837-8123).

No matter where you are based, public libraries and many academic and special libraries welcome the general public into their spaces for study. SRSU TexShare Cardholders can access additional services and resources at various libraries across Texas. Learn more about the TexShare program by visiting library.sulross.edu/find-and-borrow/texshare/ or ask a librarian by emailing srsulibrary@sulross.edu.

ACADEMIC INTEGRITY: Students in this class are expected to demonstrate scholarly behavior and academic honesty in the use of intellectual property. Students should submit work that is their own and avoid the temptation to engage in behaviors that violate academic integrity, such as turning in work as original that was used in whole or part for another course and/or professor; turning in another person's work as one's own; copying from professional works or internet sites without citation; collaborating on a course assignment, examination, or quiz when collaboration is forbidden. Students must also avoid using open AI sources ***unless permission is expressly given*** for an assignment or course. Violations of academic integrity can result in failing assignments, failing a class, and/or more serious university consequences. These behaviors also erode the value of college degrees and higher education overall. If there are any questions regarding the use of specific tools or technologies, students are encouraged to seek clarification from the instructor.

Regulations for Academic Integrity: Each student must abide by rules and regulations published by the University. The following are the rules and regulations/policies for violation of academic honesty as stated in the ***Student Handbook: Student Conduct and Discipline, Academic Honesty, page 80.***

“Cheating” includes:

1. Copying from another student's test paper, laboratory report, other report, or computer files, data listings, and/or programs, or allowing another student to copy from same.
2. Using, during a test, materials not authorized by the person giving the test.
3. Collaborating, without authorization, with another person during an examination or in preparing academic work.
4. Knowingly, and without authorization, using, buying, selling, stealing, transporting, soliciting, copying, or possessing, in whole or in part, the contents of a non-administered test.
5. Substituting for another student; permitting any other person, or otherwise assisting any other person to substitute for oneself or for another student in the taking of an examination or test or the preparation of academic work to be submitted for academic credit.
6. Bribing another person to obtain a non-administered test or information about a non-administered test.
7. Purchasing, or otherwise acquiring and submitting as one's own work any research paper or other writing assignment prepared by an individual or firm. This section does not apply to the typing of a rough and/or final version of an assignment by a professional typist.
8. "Plagiarism" means the appropriation and the unacknowledged incorporation of another's work or idea in one's own written work offered for credit.
9. "Collusion" means the unauthorized collaboration with another person in preparing written work offered for credit.
10. "Abuse of resource materials" means the mutilation, destruction, concealment, theft or alteration of materials provided to assist students in the mastery of course materials.
11. "Academic work" means the preparation of an essay, dissertation, thesis, report, problem, assignment, or other project that the student submits as a course requirement or for a grade.

All academic dishonesty cases may be first considered and reviewed by the faculty member. If the faculty member believes that an academic penalty is necessary, he/she may assign a penalty but must notify the student of his/her right to appeal to the department chair, the dean and eventually, to the Provost and Vice President for Academic and Student Affairs before

imposition of the penalty. At each step in the process, the student shall be entitled to written notice of the offense and/or of the administrative decision, an opportunity to respond, and an impartial disposition as to the merits of his/her case. The decision of the Provost and Vice President for Academic and Student Affairs shall be final. In the case of flagrant or repeated violations, the Vice President for Academic and Student Affairs may refer the matter to the Dean of Students for further disciplinary action. No disciplinary action shall become effective against the student until the student has received procedural due process except as provided under Interim Disciplinary Action.

Any violations in this course will be grounds for automatic “0” on the assignment with no possibility for makeup work. If the violation occurs a second time, the student will receive a grade of ‘F’ for the entire course, and the student will be referred to the chair of the department for further review and action. The use of Grammarly or any other online editing service will NOT be accepted without proper citation and submission of unedited rough draft.

Ms. Hilscher’s Addendum

SRSU’S ARTIFICIAL INTELLIGENCE (AI) STATEMENT: The University does not recommend or endorse any specific AI tools or resources. Students should be aware that many generative AI tools (e.g., ChatGPT, Google Gemini, Microsoft Copilot) store user input and may use this data to train future models. For this reason, students should never upload or share personal, confidential, or identifiable information—such as names, ID numbers, health data, or assignment submissions containing such details—into any generative AI platform. When using AI tools, students should verify whether the tool complies with student privacy standards as indicated by the University. Faculty may recommend specific tools that better align with institutional data privacy policies, but ultimate responsibility for data protection rests with users. Students are encouraged to use faculty-recommended platforms when engaging in coursework involving generative AI. The University is not liable for any adverse experience or impact when students interact with these tools.

MY STATEMENT: **No use of generative AI tools is permitted.** This course assumes that work submitted by students will be generated by the students themselves, working individually or in groups as directed by class assignment instructions. This policy indicates the following constitute violations of academic honesty: a student has another person/entity do the work of any substantive portion of a graded assignment for them, which includes purchasing work from a company, hiring a person or company to complete an assignment or exam, and/or using generative AI tools (such as ChatGPT).

In this course, every element of class assignments must be fully prepared by the student. The use of generative AI tools for any part of your work will be treated as plagiarism. If you have questions, please contact me.

ATTENDANCE POLICY: Class attendance is mandatory and crucial to succeeding in this course. An absence because of participation in an official University activity is an authorized/excused absence. While every effort will be made by departments to minimize missed class time of students by careful scheduling of authorized University activities, when a student has to miss a class due to an authorized University activity, it will be the responsibility of the student to notify the instructor of the class in advance. ALL assignments due on a date when the student will be absent, MUST be turned in before the student leaves (no exceptions).

****You are allowed 6 absences in total (authorized included). After the 6th absence, you will be dropped, and you will receive a grade of "F." **If you are more than 5 minutes late to class, you will be counted as absent, and to limit the number of distractions, you will not be allowed into the classroom.**

EXTRA CREDIT: There may be opportunities to receive extra credit throughout the semester; those opportunities will be announced at a later date.

COURSE REQUIREMENTS: This class is geared toward helping you learn the basics of writing an essay, not solely for the purpose of passing a test, but also to help you become a successful college student; therefore, you can expect to do a lot of writing and reading. All assignments **MUST** be submitted/completed by deadlines. **I will not accept any late assignments under any circumstances. NO EXCEPTIONS.** There are no make-up quizzes, in-class work, or exams given in this course. ****For school (university or high school) related absences, it is the student's responsibility to inform the instructor of pending absences and MUST complete all work prior to the absence.** If the student does not complete work prior to the absence, the grade will result in a zero. No make-up work is given after the absence. If a student is absent, any assignment due that day must be submitted BEFORE the class begins.

In-Class Activities: These exercises are designed to supplement your writing skills. They are assigned and due on the same day, and must be completed during class time. Late submissions will not be accepted unless otherwise stated. Assignments will include (but not be limited to) grammar, sentence structure, and paragraph writing.

Journals: You will be given a journal entry every class and you will have 10-15 minutes to write during class time. Each journal entry must be NO LESS than one page. You must use regular notebook paper. Composition Notebooks are NOT acceptable. I will grade you on the number of entries you have compared to the number that were assigned.

Reader Responses: These assignments will pertain to a relevant/current issue or readings from ENG 1301. Each student will find, read, bring to class, and share the contents of the article with the class. The student will also complete the reader response questions handout. Due dates will be announced during class.

Quizzes: Quizzes will be administered randomly throughout the semester. No make-up quizzes.

Final: The final exam will be comprehensive.

Your final grade for the class will be calculated as follows:

In-class Activities	45%
Journals	15%
Reader Responses	10%
Quizzes	10%
Final	20%
