*Sul Ross State University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate, baccalaureate, and master's degrees. Following the Texas Higher Education Coordinating Board's guidance and Texas Administrative Code, Sul Ross offers embedded associate degrees that are "wholly embedded in an existing or proposed bachelor's degree program...designed to be an offramp for students previously or currently enrolled in a bachelor's degree program who stop out or need to (hopefully temporarily) discontinue their baccalaureate education."

** The Program Inventory displays the minimum number of semester credit hours a student could complete to earn a particular degree. It does not reflect an actual student degree plan, which could have tracks or options that require additional hours beyond the minimum.
