Attendance: Jennifer Miller, Jesse Kelsch, Jacob Fuentes, Dominick Percoco

3/7 members

A spreadsheet with existing classroom technology was shared with the group.

We looked though the results of the OIT survey on classroom technology. We concluded that more technical training is needed for certain software and that we need a more individualized survey for specific classrooms.

Support for side by side whiteboards and projection screens was shown. Perhaps collaboration rooms with multiple screens... Pod style separations...

Larger panel display sizes have been requested for existing setups.
